Dear Domen,

I've got some interesting news. I'm in a school newspaper team and this month we're preparing a special issue about sports. Our national sports are football and cricket. I would like to write an article about them. I do quite a lot of sport myself. In winter I go skiing in France with school. In summer I go swimming in the pool. Skiing and swimming are my favourite sports.

Lots of love,

Sarah

**6. Sedaj beri spodnje besedilo in vedno, ko naletiš na sport, le-tega pokaži na sličici v učbeniku, str. 64.**

Miss King: Let's talk about our new magazine issue. What sports can we write about?

Emma: We could do one page about water sports, like surfing or snorkelling.

Lucas: Or... we could write about winter sports: skiing, ice skating, snowboarding...

Alexander: Let's cover team sports, like ice hockey, water polo, football...

Sarah: Yes, football! We can present sports that need a ball: football, handball, volleyball..

Emma: How about less popular sports, like horse riding, golf or karate.

Mia: Let's write about martial arts: karate, judo, kickboxing...

Lucas: I think we need to be up-to-date and write about new sports, like indoor climbing or in-line skating.

Miss King: Well, reporters, You've all got wonderful ideas. Why don't you each prepare an article or your choice. This is going to be a splendid newspaper!
