

Danes se boš učil(a) vrstilne števnik.

Podrobnejša navodila za delo:

1. Preglej si nalogi, ki si ju rešil(a) v delovnem zvezku.

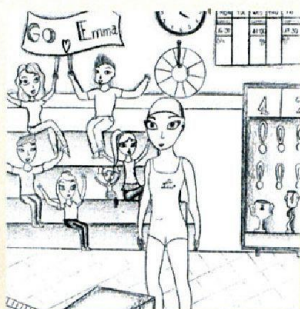

The sport I do

8.a

Look at the drawings and read the text. What do Emma and Alexander say about the drawings? Which sport does each of them do? Then colour the drawings appropriately.

Oglej si risbe in preberi besedilo. Kaj pravita Emma in Alexander o risbah? S katero vrsto športa se ukvarja vsak od njiju? Nato ustrezno pobarvaj risbi.

Emma

After school I go swimming three times a week. I love it! This is a picture of me at a swimming competition.

I'm standing next to the swimming pool. I'm wearing a pink swimsuit and a white cap. I'm waiting to swim in the next race. My parents are watching me swim.

Alexander

This is a picture of me at a school basketball match. I'm throwing the ball to another boy in my team.

He's running very fast. I'm wearing a yellow T-shirt and green shorts. My mum and my sister are in the crowd. They are watching the match. Basketball is my favourite sport.

8.b

Read the text again and answer the questions in short.

Znova preberi besedilo in na kratko odgovori na vprašanja.

3. RAZLAGA:

Vrstilne števnike uporabljamo, kadar štejemo vrstni red nekoga/nečesa, npr. prvi, drugi, tretji kolesar; prva, druga, tretja barvica ... Pri večini na koncu dodamo končnico **-TH**, nekaj je pa posebnosti, ki se jih moraš preprosto naučiti. Pred vsemi temi števnikami pa je na začetku **THE**.

4. V zvezek napiši naslov in prepisi izraze v okvirčku.

6. **Glasno beri** vrstilne števnike. **Ponavljaj**, dokler ne znaš. Pomagaj si s posnetkom.

7. Oglej si **4. b nalogo v učbeniku na strani 71**. **Postavljaj vprašanja in odgovarjaj nanje**, kot kažejo primeri v učbeniku. Sprašuješ po vrstnem redu tekačev in kako so tekači na posameznih mestih oblečeni.

Naredi več primerov.

8. Reši še **nalogo 11 a v DZ na strani 69**. To je slušna naloga. **Odpri e-delovni zvezek na strani 71 in klikni na zvočnik ob strani**. Potem rešuj nalogo.
